

# THE SE SERIES

## SOLAR STORAGE TANK

The Solar Professional's First Choice in  
Energy Solutions Since 1978

## Product Overview

SunEarth's Premium SE Series direct solar water tanks are designed for installation as a part of a direct (open loop) solar water heating system or for use with external heat exchangers in closed loop systems.

SunEarth's solar products have over four decades of engineering and design experience built into every component. Our SE Series tanks include a glass lining to protect against corrosion and maximize the life of the product.

## KEY FEATURES

- Magnesium Anode Rod with Stainless Steel Core
- Pre-Wired for Tank Temperature Sensor
- Tamper-Resistant Drain Valve
- 6-Year or 12-Year Limited Warranty

## ABOUT THE SUNEARTH

# SE Direct Storage Tanks

SunEarth's SE Series solar storage tanks provide storage for the hot water produced by our solar collectors and a supplementary electric heating element that maintains consistent water temperature during periods when solar energy is not available. Our SE Series tanks feature corrosion-resistant tank lining, automatic temperature control, over temperature protection, and a tamper-resistant drain valve, providing your clients with maximum efficiency and comfort. SE Series tanks are also pre-wired for tank temperature sensors.

Solar water heating should never be a gamble. With SunEarth's solar products, professional contractors rest easy. They know their customers will enjoy trouble free and persistent energy savings for many years to come.

### PRODUCT SPECS

**Applications.** The SE Series water storage tanks are designed for direct solar water heating systems.

**Models.** Our SE water tanks consist of 3 models available in 65-, 80-, and 108-gallon sizes.

**Materials.** Featuring a 4500 Watt heating element, glass-lined tank, 2-inch thick insulation, and a tamper-resistant valve.

## Why SunEarth?

### 6-Year or 12-Year Warranty

The SE Series tanks include SunEarth's 6-year or 12-year limited warranty to give you and your clients additional peace of mind.

### Listed & Certified

SunEarth has the most certified ICC-SRCC systems.

### American Made

Since 1978, SunEarth has continuously built industry-leading solar hot water collectors, components, and packaged systems.

## SunEarth is Your #1 Choice for Solar Products.

With over 40 years of solar industry experience, SunEarth solar systems assist homeowners in reducing their energy bills.

Our products set the standard for quality and value in the North American market, so you can refer SunEarth products with confidence. Your clients will thank you.
